

Strategic Highway Safety Plan

Meeting Notes

Infrastructure Focus Group Meeting

October 3, 2012

1:00pm – 3:00pm

Attendees:

Bruce Nyquist, Keith Kane, Roland Bellavance, Maureen Dakin, Josh Schultz, Eleni Churchill, Harry Henrickson

Discussion:

- Roland led a brief discussion on safety improvements that could benefit large trucks\
 - Flashing LED in green
 - Giving trucks notice that a yellow is coming
 - Wider shoulders help truck safety
 - More room for turning movements at intersection
- Reviewed minutes from last meeting (8/2/12)
- SHSP Rewrite
 - Discussed possible CEAs:
 - Distracted Drivers/Inattention
 - Horizontal Curves
 - Impaired
 - Intersections
 - Occupant Protection
 - Speeding/Aggressive Driving
 - Vulnerable Users
 - Young Drivers
 - Roadway Departures
 - VHB used 5 years of crash data to come up with the CEAs.
 - Once the VHSA Board approves the CEAs, Focus Groups will have a 6-8 week period to develop Strategies
- Visit website for the VHSA Board minutes of 9.27.12
 - Data group working w/UConn to develop a crash database web query tool
 - Education-Heavily involved with Regional Highway Safety Forum; Looking at Driver Training Facility
 - Outreach and Marketing: Website development
